## College Activity

Sr. No.	Particular	Remarks
1	Date / दिनांक	02 <sup>nd</sup> March 2026
2	Name of Activity	National Science Day Celebration 2026
3	Name of Department Organizing the Activity	Faculty of Sciences
4	Venue	Conference Hall
5	No. of Student Participants	50
7	Brief Report संक्षिप्त प्रतिवेदन	<p>The Faculty of Sciences organized National Science Day on 2nd March 2026 to commemorate the invaluable contributions of Indian scientists and to promote scientific temperament among students. National Science Day is celebrated annually on 28th February to mark the discovery of the Raman Effect by C. V. Raman. In alignment with this spirit, the institution celebrated the day under the theme “Women in Science: Catalysing Viksit Bharat”, highlighting the pivotal role of women scientists in shaping a developed and self-reliant India.</p> <p>The primary objective of the program was to create awareness about the importance of science in everyday life and its crucial role in national development. The theme emphasized the significant contributions of women scientists, researchers, and innovators in accelerating India’s progress toward the vision of “Viksit Bharat” (Developed India).</p> <p>The celebration featured a variety of academic and co-curricular activities, including expert lectures, poster presentations, quizzes, model exhibitions, and interactive sessions. Special emphasis was given to showcasing the achievements of Indian women scientists and encouraging female students to pursue careers in science, technology, research, and innovation. These activities motivated students to think creatively, apply scientific concepts to real-life challenges, and develop problem-solving skills.</p> <p>Faculty members of the Science departments actively mentored and guided students in preparing, Declamation, scientific posters, and research-based presentations. Their continuous encouragement fostered confidence and enthusiasm among participants. The event witnessed active and enthusiastic participation from students, making the program informative, engaging, and intellectually stimulating.</p> <p>The Chief Guest, Dr. Renuka Thapliyal, addressed the gathering and emphasized the importance of scientific innovation, research culture, and youth leadership in nation-building. She particularly highlighted the growing role of women in scientific advancements and encouraged students to contribute meaningfully toward building a developed and progressive India.</p> <p>All faculty members of the Science departments were present and played a vital role in the smooth and successful execution of the program. The stage proceedings were efficiently conducted by Khushboo (B.Sc. 3rd Year) and Pranjal Negi (B.Sc. 1st Year), who anchored the event with confidence, clarity, and enthusiasm.</p>
