## 1. Teaching Learning (Score 107/140)

Sr. No.	Activity	Distribution of score	Total score
1.	<p><b>Mode of teaching:</b></p> <p>i. Blended teaching</p> <p>ii. As per the need of different groups of students</p> <p>The college is affiliated with Himachal Pradesh University (HPU) Shimla &amp; Sardar Patel University (SPU) Mandi and follows the curriculum (Annual Choice Based Credit System under RUSA) approved by the said university. The timetable committee of the college prepares the timetable in accordance with the courses being taught in the college distributing the subject classes, tutorial classes, and practical in a manner to ensure effective teaching. The class teacher discusses all the objectives of the curriculum, course outcomes, and program outcomes with students at the beginning of the session as well as during the special mentoring sessions. The teaching-learning programs are restricted not only to the classrooms but include a range of enrichment activities. Teaching-learning is student-centric, highly interactive, and innovative, blending a variety of methods including ICT, where suitable. The college has put in major efforts to establish the required infrastructure and related tools, and arranging training sessions to develop the ICT skills of teachers. The institution has installed e-classrooms with ICT-enabled facilities in some laboratories and departments to promote the ICT-enabled teaching learning process. The IT Lab, research center and conference hall of the college are also equipped with ICT tools. Furthermore, the college has established an ICT-enabled language lab to improve the communication skills of both teachers and students with specific software. The department of higher education provided an interactive panel to strengthen the career-counseling activities. The ICT-enabled tools have also been installed in the multipurpose hall to conduct various online academic and other activities. The teachers also use WhatsApp groups as effective tools to share e-content of the study material. The college building has its own fully functional Wi-Fi internet facility.</p> <p>The teaching is also conducted as per the need of different groups of students by demonstration through the models, charts, and group discussions.</p> <p>Tutorials and continuous assessments are used to identify student learning difficulties and special needs. Assignments, project presentations and practical's are integrated to judge students' course-specific achievements. Regular class tests and mid-term examinations also help to identify the program specific and course-specific outcomes. The performance at each task is discussed and internal assessment scores are scrutinized at the department level before being intimated to the students. A well-equipped library ensures the availability of books and other materials.</p>	<p>i. Blended teaching =12</p> <p>ii. As per the need of different groups of students =05</p>	17

**ii. Whether learning outcomes defined: Yes, 100%.**

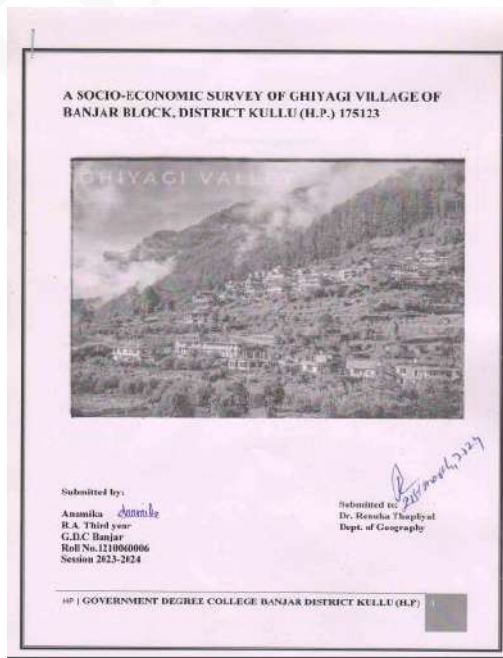

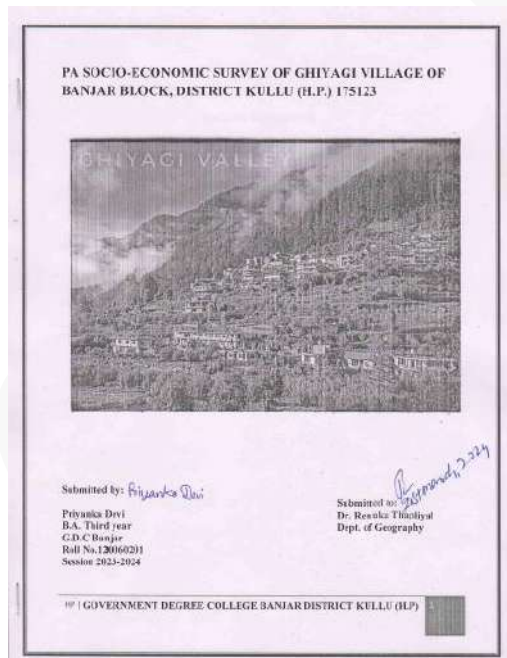

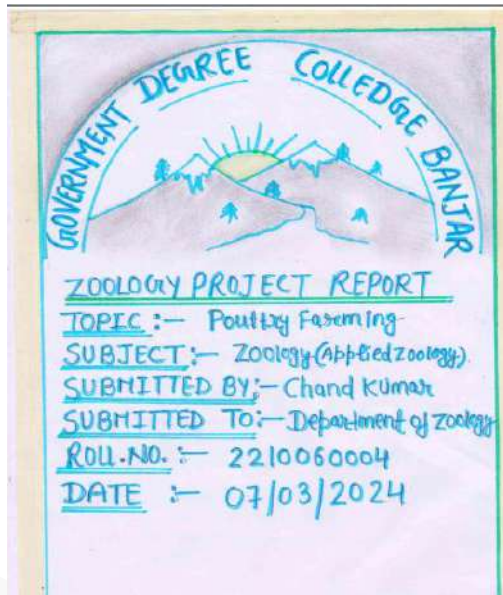

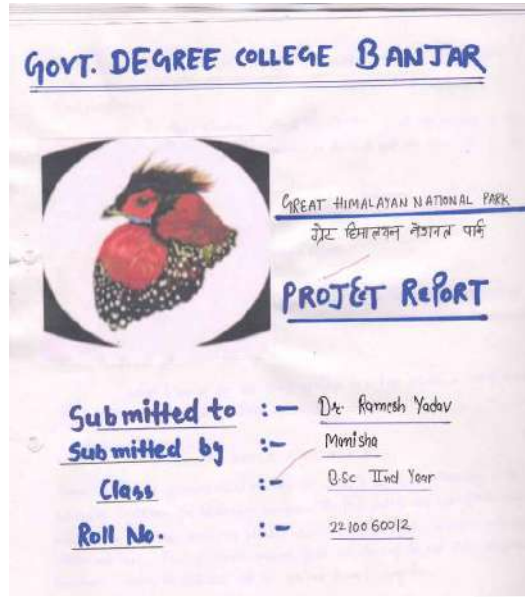

Learning outcomes are well defined and available with subject teachers and departments, and are also available on the college website.

**iii. Curriculum Enrichment Practices: Projects and Surveys**

The college has well-equipped laboratories for science, geography, language, IT, music, and physical education for practical exposure regarding the concepts taught in the classrooms. The experimental procedures are recorded by the students and are continuously assessed by the teachers. Project work (zoology), fieldwork & surveys (geography), and preparation of reports help in widening the knowledge of students. The participation of students in various clubs and societies, excursions, tours, and group discussions also help them in experiential learning. The students are encouraged to take part in curricular, co-curricular, and extracurricular competitions/events, which helps them to enhance their participatory learning skills. Participation in these events also helps to develop

critical thinking, team spirit, and understanding the social responsibilities, leading to participatory learning skills and problem-solving. Furthermore, involvement as members of various committees (clubs and societies, IQAC, anti-ragging, etc.) enable them to contribute towards solutions related to constraints and problem-solving. There is also a Language Lab to help the students with grammatical and communication skills along with a fully-equipped research center and IT lab to cater to the research and technological needs of the students as well as faculty members.

**iv. Internal Assessment Mechanism (Quizzes, class tests, presentation, assignments, MTT etc): Yes, followed by all the departments.**

The college follows the regulations and norms of HPU Shimla, and SPU Mandi for the internal evaluation process. The Continuous Internal Evaluation (CIE) is

done as per the schedule prepared by the college and intimated to the students in advance. The house examination committee is constituted in the college and the Controller of Examination (CoE) ensures the smooth, transparent and timely conduct of the examinations.

- v. Prompt communication of assessment/Results to students (Displayed on Notice board, class groups and shown to the students also): Yes, within seven days.** The answer scripts of mid-term examination and marks scored in each component are shown to the students immediately after completion of examination. The final compiled internal assessment of all the components i.e MTT/assignment/quiz/presentation and attendance are also shown to each and every student in the class rooms and also shared in the respective class WhatsApp groups before finalizing and uploading on the university web-portal. The distribution of internal components is also maintained and is available with respective subject teachers and departments.

- i. **Sample Size= 100%**
- ii. **Students Satisfaction= 89.6%**
- iii. **Action on the feedback = Considered and taken for improvement (81-100%)**

**Student feedback analysis:**

The feedback for academic session 2023-24 was obtained online from the students and their parents through Google forms. For this, college has developed its own questionnaire (web link <http://gdcbanjar.edu.in/iqac/feedback>) for all these stakeholders as per the NAAC guidelines having following questions for the **students and parents respectively.**

The questionnaire was provided to all the students through their respective WhatsApp groups. In return, total **133 responses** were received from all the students of the first year, second year and final year. The collected data was analyzed through pie chart and question wise data was calculated in terms of percentage to assess the satisfactory level.

**1. How was the online admission portal and process?**

Sr. No.	Responses	Percentage
1	Excellent	23.3
2	Very Good	48.1
3	Good	26.3
4	Not satisfactory	5.6

- i. **>25% = 05**
- ii. **81-90%= 08**
- iii. **Considered and action taken on doables (81-100%) =10**

**Activity Report: One-Day Special Campaign on Safety, Security, Health, and Hygiene of Girls and Women - "Vo Din" (Menstruation Cycle)**

**Date:** 16/11/2023

**Venue:** Govt. Degree College Banjar, Distt. Kullu, Himachal Pradesh

**Organizing Committee:** Youth Red Cross and Red Ribbon Club

Youth Red Cross and Red Ribbon Club of Govt. Degree College Banjar, in collaboration with the Programme Officer, ICDS, District Kullu, Directorate of Women and Child Development (H.P.) organized a one-day special campaign focusing on the safety, security, health, and hygiene of girls and women, with a particular emphasis on the theme of "Vo Din" (Menstruation Cycle). The event aimed to create awareness and dispel myths surrounding menstrual health.

**Chief Guest:** The function was graced by the presence of Dr. Joginder Singh Thakur, Officiating Principal, Govt. Degree College Banjar.

**Key Speakers:**

Dr. Rahul Dogra (AMO):

Dr. Dogra delivered an insightful speech on anemia, shedding light on its causes, symptoms, and preventive measures.

Gajender Thakur (District Programme Officer, ICDS, District Kullu):

Gajender Thakur enlightened the audience about menstrual cycle myths and addressed misconceptions surrounding it.

**Student Activities:**

The event featured a compelling skit on the menstrual cycle, creatively presented by the "Ravers and Rangers" of the college. The skit aimed to educate and break down societal taboos surrounding menstruation.

**Painting/Poster Making Competition:**

A competition was held, and the winners were as follows:

1st Position: Bhanu Priya

2nd Position: Kalpna

3rd Position: Kajal

**Slogan Writing Competition:**

The participants showcased their creativity, and the winners were:

1st Position: Kajal

2nd Position: Charulata

3rd Position: Sunita

**Conclusion:**

The one-day special campaign was successful in achieving its objectives of spreading awareness regarding the safety, security, health, and hygiene of girls and women, with a special focus on the menstrual cycle. The dynamic and informative skit presented by the Ravers and Rangers added a unique and impactful dimension to the event.

### Suggestions:

No, Nahi, Nothing

All good

विभिन्न विभिन्न प्रकार की नई गतिविधियों का आयोजन करवाना जिससे छात्र अपनी क्षमताओं को जान सकें उन्हें बढ़ा सकें और अपना विकास करें और उसके जीवन में मनोरंजन भी बनारहे ताकि वह तनाव से दूर रहे और अपना अपनी रुचियां के अनुसार कल्याण कर सकें।

मेरा ये सुझाव है की छात्रों को चाहे वो स्कूल हो या कॉलेज अनुशासन में रहना, सम्मान करना, आदर करना इत्यादि सिखाना चाहिए,

क्योंकि इससे छात्रों का व्यक्तिगत विकास होगा। और छात्रों को ऐसा वातावरण मिलना चाहिए जिससे वो पढ़ाई, खेल तथा अन्य किसी भी गतिविधि के प्रति प्रेरित हो। मेरा यही सुझाव रहेगा। धन्यवाद।

The staff in the college should be permanent

Assure that teachers of all subjects are present and take their lectures from the very beginning of the session....

Teachers' vacant places should be filled immediately.

खेल को बढ़ावा देना चाइए जो बंजार कॉलेज में नहीं है

### Action Taken

The report is placed before the Chairman of IQAC (Principal) and is discussed at department level, staff counsel as well as in the IQAC meetings, PTA General House. The appropriate steps are being taken in the areas where improvement is required.

Sr. No.	Activity	Distribution of score	Total score
1.	<p><b>Best Practices Description &amp; Outcomes of Best Practices (at least two)</b></p> <p><b>Best Practices 1:</b></p> <p><b>i. Title of the Practice: “Active participation in community service and awareness activities towards democratic citizenship”</b></p> <p>Under these practices various clubs and societies of college work tirelessly to spread awareness among the youth regarding various social and psychological issues. Along with imparting education, the practical application of one’s academic knowledge in relation to society and environment is a unique feature of all these clubs and societies. Various activities that are conducted from time to time, not only help the students develop their personalities but also bridge the gap between the institution and the society, which further enhances students’ role as responsible citizens. The sole aim of these clubs and societies is to inculcate good value system, work culture, leadership qualities, and compassion and life skills in our students, and to groom their personalities as good and responsible human beings. In this series a number of awareness campaigns and social work like mending and maintaining the college road during floods; making people aware of environment protection, cleaning the temple premises and the market area, social awareness programmes on de-addiction, mental health and general hygiene and nutrition etc. are to name a few that were carried out by the volunteers of various clubs and societies.</p> <p><b>ii. Objectives of the Practice:</b> Govt. Degree College Banjar envisions an equitable society through the inculcation of human values among students. The college aims to foster these values by integrating knowledge with social responsibilities. We strive to make the students understand and appreciate diversity in our society, and to familiarize them with a wide range of issues like globalization, human rights, gender and caste discrimination, promoting girl-child education and women empowerment, health and hygiene, environmental protection, drug abuse and rehabilitation etc., so that students can gain insights into these issues and take steps towards resolving them.</p> <p><b>iii. The context:</b> One of the notable best practices of Govt. Degree College Banjar has been its service towards the community through various awareness, extension and outreach programs. In the rural areas, where people, belonging to diverse groups and communities, have many prejudices and are not aware of issues like mental health, basic hygiene, gender issues and, class and caste divide, our students strive to act as agents of social change. The extension services undertaken by the students in the nearby villages have noticeably improved the quality of life and the thought process of the rural population.</p> <p><b>iv. The practice:</b> A number of clubs and societies (such as NSS, NCC, Rovers &amp; Rangers, Red Ribbon Club, Women’s Cell, Literary Society, Eco and Eco-Energy Club) have been actively functioning in the college to enhance the social consciousness of the students. The volunteers from these clubs and societies conducted a number of awareness campaigns to enlighten the students as well as rural communities on themes like ‘<i>Beti Bachao-Beti Padhao</i>’, safety and security of women, menstruation hygiene, gender sanitization, environmental hazards, girls’ education, women empowerment, drug abuse and legal rights etc. Here are the activities conducted by various clubs and societies during this session:</p> <p><b>The Road safety club</b> of the college organized a number of awareness programs in college and outside the college during the session 2023-24. On 12th Dec. 2023 a program on road safety was organized in which Dr Vikas Kumar delivered a lecture on Road</p>	2x10 = 20	20

safety, and many competitions such as slogan writing, poster making and declamation were organised.

The NDRF team in collaboration with the college conducted a **mock drill on disaster management** and made the students aware about how to minimize the panic during any disaster. They also trained them with a few lifesaving skills required in such situation.

Apart from this, **international archeological Day**, in which students actively took part and presented PPTs on India's rich heritage and *kathkuni* architecture of Himachal was organized by the History department. **Constitution Day, Hindi Diwas and Sanskrit Diwas** were also celebrated during this session, in which students actively took part in various competitions and enhanced their knowledge about our constitution, their rights and duties, and the rich heritage of Hindi and Sanskrit languages, through the lectures delivered by competent authorities.

The college had the privilege to host the **State Level Mega NSS Camp** during this session, in which **127 volunteers** from **41 colleges** across the state took part and made it a grand success. During this Mega camp the following dignitaries shared their knowledge on various issues with the students:

- i) A **lecture** and a **role-play on drug addiction** and its cure was delivered and organized by Dr Satyavrat Vaidya, from De-addiction facility, Bhuntar.
- ii) A lecture and a **quiz** was conducted by Sh. Shubham Dwivedi, Leading District Officer RBI
- iii) Dr. Banita Saklani delivered a lecture on **Gender sensitization**.
- iv) Mr. Mandeep Singh *Kaar Sewa Dal* Kullu Delivered a lecture on importance of **service to mankind and general humanity**.
- v) Dr. Varyam Singh Negi and Mrs. Tara Negi delivered a lecture on **Human rights and environment protection**.
- vi) Mr. Mahinder Vice-Pardhan addressed the students on general **social issues**.
- vii) Sh. Maan Singh Member (Zila Parishad) also addressed the students on general issues.
- viii) Mr. Bhupal Singh highlighted the importance of **cultural issues** in our life.

**Swachhata Week** under *Swachhata hee seva* to achieve universal sanitation coverage was also conducted. During the seven-day annual NSS camp, the volunteers **adopted a nearby Panchayat** named **Kothi-Chehni** where activities such as cleanliness and *Shrum-daan* drives, conservation of natural water bodies and beautification of the area were conducted.

**v. Evidence of success:** The evidence of success can be seen from the active participation of the volunteers/students in the various social extension, awareness and outreach activities. A higher number of enrollments of girls in comparison to boys in the college may be seen as the result of such awareness drives. These programs helped the students to realize their potential and constructively channelize it, whereby they could also spread their acquired awareness and skills among their surroundings. Such activities also help in creating positive social impact as well as fostering a sense of mutual co-existence which is integral to social survival and harmony.

**vi. Problems encountered and resources required:** Since the college staff and students are well familiarized with the geography and socio-cultural constraints of the area, no notable problems were encountered.

### **Best Practice: 2**

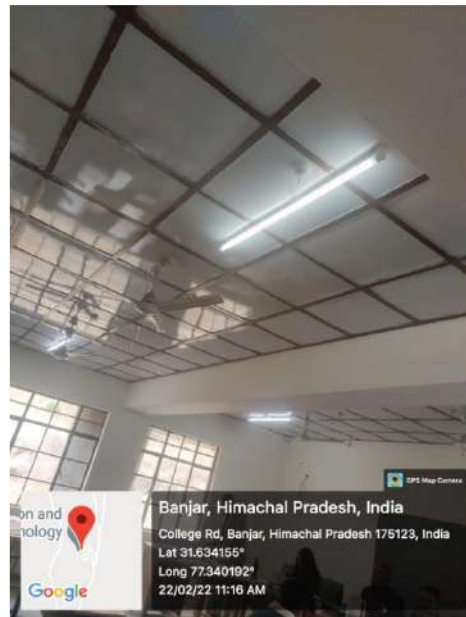

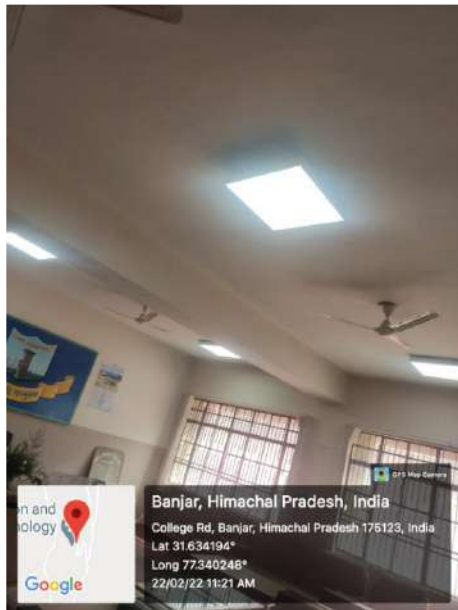

**i. Title of the Practice: Strengthening and integration of ICT resources in academics and administrative activities.**

**ii. Objectives of the Practice:** i) To equip the students and the faculty with the recent trends of the ICT-enabled teaching-learning process to produce quality human resources for the nation.

	<p>ii) To develop a fully automated online admission system as well as online financial and office management system.</p> <p><b>iii. The Context:</b> Government Degree College Banjar is committed to taking utmost care in ensuring efficient and effective student-centric and time-bound teaching by adopting the national and global demands of ICT application in the teaching-learning process as well as routine administrative work like admission process, online fee payment and official management system to promote efficiency and paperless work. As the present scenario also calls for digital and blended learning, the faculty and administrative staff are continuously encouraged to use ICT-enabled technologies and tools for conducting participative training sessions in the college.</p> <p><b>iv. The Practice:</b> The College has upgraded its IT infrastructure in recent times by purchasing and installing new systems, upgrading software and operating systems, installing interactive panels and digital lecterns for e-learning, digitalization of library along with subscription to INFLIBNET to ensure effective information sharing and knowledge dissemination through universal access to e-resources.</p> <p>A fully-equipped language lab with relevant software's has been established to improve the language skills of students.</p> <p>A research centre with four computers has also been set up where faculty as well as students can pursue their research-oriented work. Alumni who are engaged in higher studies are also free to use the research centre for the same.</p> <p>An ICT-enabled GIS lab has also been created to impart and enhance the practical knowledge of students in the field of Geography. The students were also trained to use these applications productively to gain new skills and knowledge.</p> <p>Wi-Fi internet facility is available for teaching, non-teaching staff and students. The faculty has been encouraging the students to take recourse to e-learning modules present in the web space which would make them fit for the diverse and ever-changing job market.</p> <p>The college website has been upgraded with a new domain, integrating a fully automated online admission process, online fee payment gateway and office management system. Also, a set of interactive panels and associated accessories was provided by the directorate of higher education to strengthen the activities of career counseling and placement cell through video-conferencing and multimedia sessions.</p> <p><b>v. Evidence of Success:</b> The outcomes are visible as the ICT-enabled teaching-learning is being conducted successfully. The students take up online quizzes, submit online assignments, take up various grammar exercises available online and participate in other curricular and co-curricular activities online, including activities of clubs and societies that are conducted through ICT-enabled tools. Students use these facilities to make PPTs and present project reports. These facilities are also utilized in showing them adaptations of certain plays and novels, based on their courses. Further evidence of success is that the admission process was completed fully through online mode through these tools.</p> <p><b>vi. Problems Encountered and Resources Required:</b> The procurement of ICT-enabled devices is a costly affair. Earlier, the college received a grant from RUSA and Utkrisht Mahavidyalya Yojana out of which some amount was utilized to support ICT facilities as per the direction of the directorate of higher education. At times poor connectivity affects the services.</p>		
2.	<p><b>Special initiative taken for:</b></p> <p><b>i. Energy conservation/use of solar energy:</b> Objective of energy conservation is to cut down the energy use and using energy more efficiently to preserve earth's finite natural resources and contribute a little to slow down the effect of climate change and make the students aware of energy conservation by reducing wasteful energy consumption. In this regard maximum lighting has been replaced by LED</p>	<p>i. 04 ii. 04 iii. 04 iv. 02 v. 04 vi. 04</p>	22

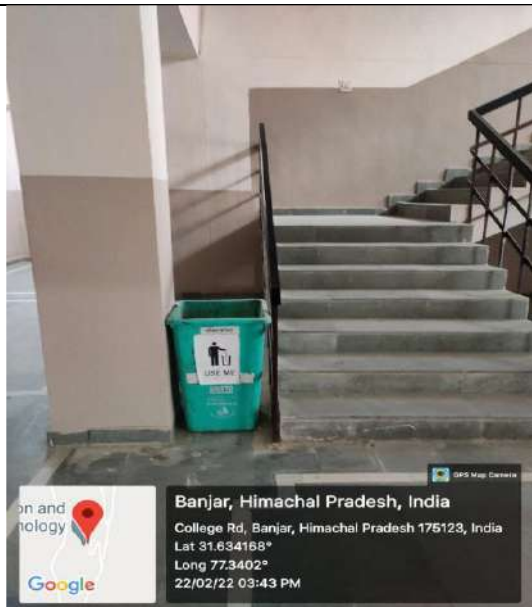

lights and the process is still on. As far as the switching off of lights, fans and various electrical appliances are concerned so, all the teaching and non-teaching staff along with the students make sure that all the lights and appliances switched off from the mains when not required. Subsequently a visible difference in the electricity bill was seen.

ii. **Solid waste segregation/management:** Four colored dustbins have been kept inside and outside the campus to segregate the different kind of waste material. The yellow dustbins are kept for the non-biodegradable waste such as glass and broken bulbs and all. Blue dustbins are kept for plastic and dry wastes where recyclable waste such as cardboard, paper, food tins and plastic bottles are thrown, whereas grey dustbin is for metal waste. Green dustbins are used for waste food items' peels, kitchen waste (Waste from the canteen), cotton, coffee and tea etc. With every new session students are made aware about the various colored dustbins by the teachers in their respective classes and through the help of volunteers of various clubs. It is ensured that students make proper use of these dustbins.

**iii. Rainwater harvesting and its use for gardening and cleanliness:** A rain water storage tank was constructed in the college campus in the year 2023. The capacity of the tank is 5000 liters. The water stored in the tank is utilized for tending the plants and cleaning the campus from time to time.

**iv. Plastic free campus:** A drive has been initiated in the year 2023 to make the students aware of the harms caused by single use plastic. The students are being encouraged to minimize the use of plastic by restricting themselves from buying single use plastic and reusing plastic products to minimize the waste. The campus is not 100% plastic free but will surely achieve good result in the coming session.

**v. Blood donation camps:** Two Blood donation camps were organized during the session 2023-24.

**First** blood donation camp was organized by Red Ribbon Club, Red-Cross club and NSS unit of the college in collaboration with regional hospital Kullu on 09-10-2023. In this camp 15 units of blood were collected.

**Second** Blood donations camp was organized in the month of December during NSS Mega Camp in collaboration with regional hospital Kullu and a total of 32 units of blood were collected.

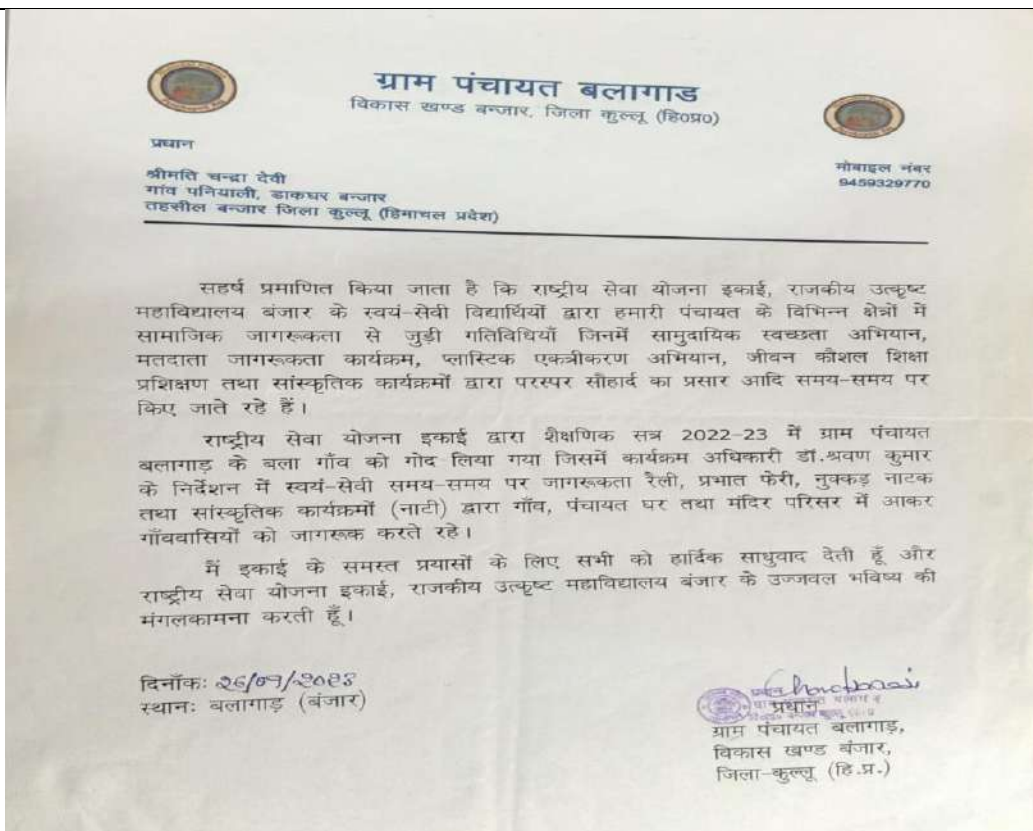

**vi. Adoption of villages/education institution:** The NSS unit of college has adopted Baagi village where various activities such as cleanliness drives, plantation and awareness campaigns are conducted by the volunteers from time to time.

**3. Social Impact of extension activities (on the basis of community feedback):** Extension activities aim at continuously educating the local people of the society through awareness programs and inspiring them to contribute towards a cause. The spirit of extension activities works through sustained community interaction and link between the students and the community. The social impact of these extension activities is reflected on the overall personality development of the students as they emerge as confident and compassionate human beings and feel a sense of responsibility towards society and the environment as a whole. These activities strengthen their value system and instead of wasting time, they get engaged in creative and social activities such as plantation drives, shrumdaan, cleanliness drives, awareness campaigns etc., which further enhance their personalities. An increased sense of civic responsibility and volunteerism is seen among the students who are involved in various extension activities. These activities make students understand the importance of participating in community extension and enhance their knowledge and skills

This year certificate is awaited.

4. **Special New Innovative Initiatives or Ideas Adopted in the College:**

**Kitchen Garden:** A small Kitchen Garden is created in the campus where herbs and chilies, tomatoes and seasonal vegetables are grown from time to time and are being utilized in the college canteen. The students of the college take care of this small kitchen garden. This kitchen garden is in its infancy as the idea was initiated in the middle of 2023 and plan is to develop it further in times to come.

**Innovative use of Discarded Plastic Bottles:** Plastic bottles are used by the college students for water harvesting by installing handmade small water storage system for plants which collects rain water in the bottles and through a kind of drip irrigation waters the plants and saves the human efforts. In this way we are utilizing the plastic bottles as well as harvesting the rain water also. These Plastic bottles are being collected by the students from their respective areas and this idea is being shared with the residents of local areas.

**Sadbhawana Pond:** A small pond was made in the campus, by the volunteers of NSS unit. The idea behind constructing this pond was to create a feeling of love and care, for birds and animals, in the hearts of students; The the pond contains water for birds which relieves their parched throat in harsh summers, and on the edges of the pond, food grains are kept for the birds. Some lotus saplings were also planted in the pond, by the NSS volunteers. The Pond was named sadbhawna pond by Dr Sharwan, so as to instill and create a feeling of sadbhawna in students, for those who can't speak, in addition to human beings.

**Learning through Practical:** A new initiative is taken by the department of English to enhance the communication skills of students. The students of 1<sup>st</sup> year, AECC,

i. 4x4=16

were given the task of interviewing professionals, inside and outside the college campus. Before they actually conducted the interviews, they were made to practice active listening, taking notes, being methodical in their approach, taking prior permission and appointments from the concerned person and understanding the non-verbal communication etc. Finally, the students conducted some very good interviews of teachers, forest officials, politicians and health officials in Banjar area. They submitted the recorded interviews to the concerned teacher. Now this practice is followed every year with new students. This helps students shed their inhibitions and make them more communicative and confident. This also aims at combining the curriculum with field activities.

Apart from this, students of 2<sup>nd</sup> year Eng. Maj./Min. skillfully adapted the Merchant of Venice, a play in their course, into the local language and milieu of Banjar under the able guidance of their teacher. This was done to give them first-hand experience of translation and creative writing.

**5. Collaborations:**  
**i. With Peer Educational/ Research Institutions: NILL**  
**ii. Other Government Bodies/Industry:** In Collaboration with Himachal Pradesh Kaushal Vikas Nigam, A programme on English Employability and Entrepreneurship (EEE) was conducted in the session 2023-24. This programme had 155 hours of contact classes in the college. In this programme 60 students were registered and 39 students successfully completed the course and were awarded certificates.

## Institutional Distinctiveness (2023-24)

### Holistic development of students:

Government College Banjar is working with the higher aim of holistic development of students to groom them as socially conscious, professionally oriented, rationally humanistic and vocally expressive citizens of India.

The college has strength of 839 students (Girls 529, Boys 310), coming from diverse socio-economic strata and possessing varying levels of aptitude. They are pursuing different academic programs with diverse expected outcomes, and their future careers are dependent on their varying abilities and interest. The college provides learning in a systematic way to develop a natural aptitude in the students. Teaching-learning activities focus on providing the best possible knowledge to students in the chosen course to prepare them for their future careers. Multifarious co-curricular, extra-curricular, and extension and outreach activities are finely balanced with regular studies. The NSS unit, NCC wing, Rovers & Rangers, Eco-energy club, Eco club, women's cell, career Counselling and placement cell, CSCA and the various subject societies are actively involved in the organization of such activities for instilling a profound sensitivity among students towards their surroundings. The college maintains good infrastructure and ICT facilities.

Thus, an encouraging environment has been created for the overall development of the students so that they may become resourceful storehouses of knowledge with the motivation to work for the society, and to pass the acquired knowledge to the underprivileged sections of society as well as future generations.

The college works successfully in making qualitative higher education accessible to all socio-economic backgrounds, such that students from rural areas get equal opportunities. The students of different academic streams have imbibed sensitivity towards higher goals and have learnt to work in unison for social good. Extensive co-curricular, extension and outreach activities are held round the year, and the profound initiative in decision-making through the participative management practices of the college have

shaped the students' personalities. Gender sensitization, equitable study environment, the balanced incorporation of different activities in studies and the functioning of teachers as preceptors and guides have helped in achieving holistic development of students. The success of the college students in academics, their enthusiastic participation in related activities, and growth as socially conscious and morally humanistic persons will go a long way in providing the country with a much needed and responsible human resource.
