7	Brief Report संक्षिप्त प्रतिवेदन	<p>National Science Day was organized by the Faculty of Sciences on 3rd March 2025 to commemorate the valuable contributions of Indian scientists and to promote scientific temper among students. The program aimed to create awareness about the importance of science in everyday life and its role in national development.</p> <p>The celebration was conducted under the theme “Empowering Indian Youth for Global Leadership in Science and Innovation for Viksit Bharat.” The program included various academic and co-curricular activities such as expert lectures, poster presentations, quizzes, and interactive sessions. These activities encouraged students to think creatively and apply scientific concepts to real-life situations.</p> <p>Faculty members of the Science departments actively guided and motivated students in presenting innovative scientific ideas, models, and posters. The enthusiastic participation of students made the event informative, engaging, and interactive. The program successfully fostered curiosity, critical thinking, and interest in scientific research among the participants.</p> <p>The Chief Guest, Principal of the College, Prof. Rajesh Kumar Singh, addressed the gathering and highlighted the importance of scientific innovation and youth leadership in building a developed India. All faculty members of the Science departments were present and contributed to the successful organization of the event.</p> <p>The stage proceedings were efficiently conducted by Khushboo (B.Sc. 2nd Year) and Tanisha Dogra (B.Sc. 3rd Year), who anchored the program with confidence and clarity.</p> <p>Overall, the celebration of National Science Day significantly contributed to strengthening the academic and scientific environment of the institution and inspired students towards excellence in science and innovation.</p> <div style="display: flex; justify-content: space-around;"></div>
