Report on Web-Development Training Program held in October 2022

The career guidance and counselling cell of GC Banjar organized an interactive session in collaboration with SOUL Education and Welfare Society on 12th October 2022 in the college's multipurpose hall. The session was attended by 76 students, and the resource person Mr. Mahendra Verma spoke about data driven planning and website designing before offering the students a two-week web-development training program free of cost. The said program was conducted in the college's IT Lab from 17th October to 31st October 2022, and ten students completed it.
